OPEN HOUSE 2019
SATURDAY, OCTOBER 19  9 a.m. - 2 p.m.

Download the NC State Guides app from your app store!
View the schedule, campus maps and more on your mobile device with NC State Guides.
At NC State, you’ll find a place to thrive with endless opportunities.

NC State University is home to 36,000+ undergraduate and graduate students with over 100 undergraduate majors and 100 minors. We are known for our leadership in education and research and are globally recognized for science, technology, engineering and mathematics.

We continue to support our state’s key industries, offering majors in natural resources, textiles and agriculture. As the largest four-year institution in North Carolina, our university spans across three campuses just minutes apart from each other. We encourage you to explore everything we have to offer on campus today!

#NCStateOpenHouse
The best form of transportation throughout the day is walking. If you are planning to explore both Main and Centennial Campus, we encourage you to begin your day at one campus and end your day by driving your vehicle to the other campus. Parking is available on both campuses. A shuttle between the two campuses will be available, but seats are limited.

**TRANSPORTATION**

The best form of transportation throughout the day is walking. If you are planning to explore both Main and Centennial Campus, we encourage you to begin your day at one campus and end your day by driving your vehicle to the other campus. Parking is available on both campuses. A shuttle between the two campuses will be available, but seats are limited.

**MAIN CAMPUS**

Students spend the majority of their time on Main Campus which features a variety of residence halls, dining halls and classroom buildings. By touring through Main Campus, you’ll walk the same path the first class of NC State did starting in 1887. Tradition began on this campus - from the Memorial Belltower to Reynolds Coliseum.

**CENTENNIAL CAMPUS**

NC State’s Centennial Campus, known as our research campus, is home to the College of Engineering and the Wilson College of Textiles. Hop on the Wolfline, NC State’s bus system, and you’ll be on Centennial Campus in just a few minutes! You’ll also find local businesses housed on this campus with plenty of opportunities for internships.

**CENTENNIAL BIOMEDICAL CAMPUS**

Anchored by the College of Veterinary Medicine, NC State’s 250-acre Centennial Biomedical Campus (CBC) is an extension of NC State’s Centennial Campus. In partnership with corporate and government entities, the focus of this campus is on biomedical research, both to animals and humans. Due to the NC State Fair, there will not be tours or sessions offered on the Centennial Biomedical Campus.
Undergraduate Admissions officers will talk about the application process as well as what it takes to be a competitive applicant.

Each session is 30 minutes.

FRESHMAN INFORMATION SESSIONS

DABNEY HALL, ROOM 222  E-3
- 9 a.m.
- 10:30 a.m.
- 12 p.m.

WITHERSPOON STUDENT CENTER, ROOM 117  D-3
- 9 a.m.
- 10 a.m.
- 11 a.m.
- 1:30 p.m.

SAS HALL, ROOM 2203  F-3
- 9:30 a.m.
- 10:30 a.m.
- 11:30 a.m.
- 12:30 p.m.

TEXTILES BUILDING, ROOM 2225  C-3
- 9 a.m.
- 10:30 a.m.

TRANSFER INFORMATION SESSIONS

PARK SHOPS, ROOM 201  F-3
- 10 a.m.
- 11:30 a.m.
- 12:30 p.m.

TEXTILES BUILDING, ROOM 2225  C-3
- 11:30 a.m.

EARLY COLLEGE INFORMATION SESSIONS

This session is for students that currently attend a middle college or early college high school.

PARK SHOPS, ROOM 210  F-3
- 9:30 a.m.
- 12 p.m.
College of Agriculture and Life Sciences
Offers 17 four-year Bachelor of Science degrees and six two-year Associate of Applied Science degrees (Agricultural Institute). There are opportunities for research both on and off campus. With NC State Extension Units in every county and 18 agricultural research stations across North Carolina, this college covers more than 19,000 acres.

College of Sciences
Offers 14 innovative majors that encompass mathematical, statistical, biological and earth-system sciences. With more than 4,000 students and $40 million in annual research expenditures, this college is one of the most research-intensive colleges at the university.

College of Veterinary Medicine
Ranked the number four college of veterinary medicine in the nation, this college features cutting-edge facilities designed for classroom instruction, research and clinical experience to prepare students to succeed in biomedical, veterinary and agricultural fields. NC State offers a pre-vet track for undergraduate students interested in pursuing veterinary medicine.

College of Education
As North Carolina’s largest supplier of STEM educators, the College of Education consistently ranks as the top teacher preparation program in the state across multiple variables and has established a leadership pipeline for schools, community colleges and higher education in North Carolina. The College of Education prepares professionals to educate and lead learners of all types.

College of Veterinary Medicine
Ranked the number four college of veterinary medicine in the nation, this college features cutting-edge facilities designed for classroom instruction, research and clinical experience to prepare students to succeed in biomedical, veterinary and agricultural fields. NC State offers a pre-vet track for undergraduate students interested in pursuing veterinary medicine.

Life Sciences First Year
A program that couples intensive advising, unique classwork, and help for the transition from high school to college. During their first year, students will grow in their critical thinking skills and find the right major in the life sciences for their career aspirations. Opportunities for community and leadership development are available.

Poole College of Management
Prepares students to thrive in international and multicultural work environments. Offering majors in Accounting, Business Administration and Economics, there are a variety of concentrations for students to choose from to cater to their personal and career interests.

University College Exploratory Studies
With a focus on cross-curricular academic advising, career assessment and guided exploration of majors and careers, this program assists first-year students in finding their best fit major.

Wilson College of Textiles
The number one textile institution in the world and the only college in the United States dedicated entirely to textiles. Its five majors offer textile education from the approaches of Apparel and Management as well as Engineering and Science. Textiles students spend most of their time on Centennial Campus.

College of Engineering
NC State’s largest college offering 18 majors integrates education and research led by world-class faculty. Our students learn from and work with these experts in state-of-the-art facilities, including Hunt Library, and take part in research as early as their freshman year. Engineering students spend most of their time on Centennial Campus.

College of Humanities and Social Sciences
As the second largest college at NC State, this college offers more than 50 majors and 40 minors. You’ll learn how to think and do by studying abroad, initiating or participating in undergraduate research, gaining real-world experience through internships and collaborating with nonprofit partners.

College of Natural Resources
Ranked as the number six natural resources college in the country, this college provides a comprehensive educational experience with hands-on learning, in-the-field training and access to industry experts in each major. Programs not only focus on how we conserve resources, but also how we sustainably use them for product development and recreation.
MAJORS

College of Agriculture & Life Sciences
- Agricultural Business Management
- Agricultural Education
- Agricultural Science
- Agroecology & Sustainable Food Systems
- Animal Science
- Biochemistry
- Biological and Agricultural Engineering
- Biological and Agricultural Engineering Technology
- Bioprocessing Science
- Crop & Soil Sciences
- Food Science
- Horticultural Science
- Natural Resources: Soil, Water and Land Use
- Nutrition Science
- Plant Biology
- Poultry Science
- Turfgrass Science

2-year Programs
- Agribusiness Management
- Field Crops Technology
- General Agriculture
- Horticultural Science Management
- Livestock and Poultry Management
- Turfgrass Management

College of Design
- Architecture
- Art + Design
- Design Studies
- Graphic Design
- Industrial Design

College of Education
- Education General Studies:
  - Learning Design and Technology
- Elementary Education (Grades K-6)
  - Special Education Dual Licensure
- Mathematics Education (Grades 6-12)
- Middle Grades Education (Grades 6-9)
  - English Language Arts
  - and Social Studies
- Science Education (Grades 6-12)
- Technology, Engineering and Design Education

College of Engineering
- Aerospace Engineering
- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Computer Engineering
- Computer Science
- Construction Engineering
- Electrical Engineering
- Environmental Engineering
- Industrial Engineering
- Materials Science & Engineering
- Mechanical Engineering
- Nuclear Engineering
