WELCOME TO NC STATE

At NC State, we unite thought and action to create prosperity for all.
Discover how we Think and Do.

When you come to NC State, you’re not just here to go to class. Our campus community and amenities will bring you into the heart of the Wolfpack. NC State is a leading research university that readies students for lifelong success. Wherever you’re headed, we can help you get there.

At NC State University, we create prosperity for North Carolina and the nation. We began as a land-grant institution grounded in agriculture and engineering. Today, we’re a preeminent research enterprise that excels across disciplines.

Our more than 35,000 undergraduate and graduate students learn by doing. They pursue original research and start new companies. They forge connections with top employers and serve communities local and global. Through it all, they enjoy an outstanding return on investment.

Get a glimpse of your future home at NC State University.
Plan Your Visit

We want to help you make the most of your visit.

As a campus with over 35,000 students, we realize each student has different interests and we want to help you make the most of your visit by exploring what specifically interests you.

We invite all our future students and their families to explore our campus to get an up-close look at our cutting-edge facilities, meet our world-leading faculty and discover the wealth of educational and extracurricular opportunities that await you here.

Despite its size and scope, NC State retains a close-knit, college-town feel. Students from all over the world choose to make this place their home, finding their own community of thinkers and doers within the wider Wolfpack.

We can’t wait to meet you.
NC State Overview

Welcome to NC State University. Come see the place where you’ll Think and Do.

NC State is a leading public university in one of the fastest-growing cities in America. We are known for our leadership in education and research and are globally recognized for science, technology, engineering and mathematics.

As a land-grant institution, NC State is committed to playing an active and vital role in improving the quality of life for the citizens of North Carolina, the nation and the world. We support our state’s key industries, offering majors in natural resources, textiles and agriculture. Each year, NC State adds $6.5 billion to the statewide economy through partnerships with government, industry and nonprofits.
NC State is a leading public university in one of the fastest-growing cities in America.

Founded in 1887, NC State — then known as the North Carolina College of Agriculture and Mechanic Arts — began classes in the fall of 1889 with 72 students, six faculty and one building. Today, the university has over 35,000 students, 9,000 faculty and staff and more than 700 buildings.

In the early 1900s, two federal programs sparked a new era in extension and outreach work at the college. An agreement with the U.S. Department of Agriculture in 1909 led to what is now known as the 4-H program. The passage of the Smith-Lever Act in 1914 enabled land-grant colleges to establish state, county and local extension programs to further support their existing demonstration work, leading North Carolina to establish the Cooperative Agricultural Extension Service at State College.

Although the term “State College” had been in use for years, the broadening of the school’s teaching, research and extension activities led the Board of Trustees to officially adopt the name. By the 1920s, State College was beginning to grow beyond its original agricultural and mechanical focus, adding schools of engineering, science and business, textiles, education and a graduate school.

Despite the difficulties of the Great Depression as well as World War II, State College made contributions to the war effort by hosting a number of military detachments and training exercises, and refitting the work of several departments and programs to military and defense purposes. The campus experienced unparalleled growth during the postwar years as the G.I. Bill brought thousands of former servicemen to campus.

In the following decades, the college continued to expand its curricula, creating schools of design, forestry, physical science and mathematics, and humanities and social sciences. During these years of growth, the name was changed again — this time to North Carolina State University at Raleigh.

The university celebrated its 100th anniversary in 1987, which also saw the creation of Centennial Campus. Centennial brings together university and corporate leaders to engage in teaching, research and economic development.

Known as the “People’s University,” NC State has developed into a vital educational and economic resource. A wealth of university outreach and extension programs provide services and education to all sectors of the state’s economy and its citizens. Consistently ranked a national best value and among the nation’s top 100 public universities, NC State is a preeminent research institution, attracting top faculty and students from around the world. Together with our public and private partners, we create economic, societal and intellectual prosperity.
Our alumni, donors and friends are proud of this university and excited about its future — and so am I.”

Dr. Randy Woodson
Chancellor, NC State University

Dr. Randy Woodson is North Carolina State University’s 14th chancellor serving the largest university in North Carolina with over 35,000 students. During his tenure, the university has added more than $6.5 billion a year to the North Carolina economy. In 2019, he was named a “CEO of the Year” by the Triangle Business Journal. Under his leadership, the university created and implemented The Pathway to the Future strategic plan that has elevated NC State’s recognition among the nation’s top public research universities.

NC State has become a lead university for two National Science Foundation (NSF) Engineering Research Centers, one Manufacturing USA institute and partner on six others, and expanded to more than 75 industry and government partnerships on its nationally recognized Centennial Campus. NC State has also garnered national and international recognition for its faculty and student scholarship.

Under Chancellor Woodson’s leadership, NC State has become a preeminent research enterprise known for solving real-world challenges – a true Think and Do university. Woodson’s strategic vision has enabled the university to advance in areas of student success, innovative research, and collaborative partnerships. This has resulted in students ready to solve real-world challenges, public-private partnerships that transform ideas into solutions, and a creative, engaging center of learning and exploration for all.
NC State is home to 12 colleges covering all major academic disciplines. An NC State education creates more than just a college graduate. We meld theory and practice to produce tomorrow’s innovators and leaders.

With 12 colleges representing all major academic disciplines, more than 35,000 students and more than 2,300 faculty, NC State is the largest university in North Carolina. This is a preeminent research enterprise where undergraduate and graduate students learn from award-winning faculty.

While our traditional strengths lie in engineering and agriculture, we’re also a university of choice for students of the humanities and social sciences, plant and animal life sciences, management, design, textiles, education, natural resources, veterinary medicine, and the physical, chemical, mathematical, statistical, biological and earth-system sciences.
Undergraduate Admissions

Choose your major and hit the ground running.

When you apply to NC State, you’ll be asked to choose your preference for a major (or two). Our university provides students with everything they need to hit the ground running in the real world. On top of world-class academics, you can expect your time here to be packed with rich experiences that deepen your understanding and strengthen your resume, from co-ops or internships to study abroad and undergraduate research.

Finding Your Best Fit Major

The Exploratory Studies program is designed to help students explore their options and identify a major that best fits their interest.

Advisors assist students throughout their first year with major selection, career awareness, academic success and personal enrichment to prepare them for success.

Top 10 Undergraduate Programs

- Engineering
- Psychology
- Exploratory Studies
- Political Science
- Business
- Fashion and Textile Management
- Life Sciences
- Environmental Sciences
- Animal Science
- Chemistry

How to Apply

Learn about all the information we consider in admissions decisions, and see our application requirements at admissions.ncsu.edu/apply.

Submit your completed application by the deadlines listed below. Choose one of these application options:

- The Common Application
  Commonapp.org
- The Coalition Application
  Mycoalition.org

Fall Entry Freshman Applicants

- Early Action
  Deadline: November 1
  Notification Date: January 30
- Regular Decision
  Deadline: January 15
  Notification Date: March 30

Fall Entry Transfer Applicants

Deadline: February 15
Notification Date: April 15

Spring Entry (Freshman and Transfer)*

Deadline: October 1
Notification Date: December 1

* Please note that certain programs do not accept applications for spring entry.

Studio-Based Majors

Studio-based majors are fall entry only. Freshman and transfer applicants must submit completed applications including a portfolio and an additional essay by November 1.

Sign up to receive information about NC State admissions and events at go.ncsu.edu/interest-form.
The Graduate School

NC State’s Graduate School offers 160 master’s and 62 doctoral programs with more than 9,500 students.

When you pursue a graduate degree at NC State, you aren’t just preparing for the real world - you’re shaping it. Our master’s and doctoral students work alongside our faculty to solve the big problems, including everything from finding economically and environmentally sustainable energy sources to improving human health and creating prosperity.

Your work isn’t limited to NC State’s campus either - we do it in collaboration with government, industry, business and nonprofit partners at work around the globe. NC State’s Graduate School partners with more than 60 partner organizations, including Cabinet-level federal departments, energy leader ABB, research giant LexisNexis and clothing manufacturer Hanesbrands.

View the Graduate School’s website at grad.ncsu.edu/admissions to learn more about the programs offered, learn more about the deadlines and view the admissions criteria.

Scholarships

Goodnight Scholars Program
The Goodnight Scholars Program, funded by a gift from Dr. Jim and Ann Goodnight, is a comprehensive student development program designed to develop scholars into leaders within the STEM and/or education fields.

The scholarship is focused on low and middle-income families from North Carolina and is limited to students studying in the STEM disciplines or affiliated education majors. The value of the scholarship is $20,000 and is renewable for up to four years for first-year students, and three years for transfer students. In addition to the scholarship, Goodnight Scholars have access to an assortment of developmental programming focused on their professional and personal growth.

Learn more at goodnight.ncsu.edu.

A Goodnight Scholars Program event

Park Scholarships
The Park Scholarships program is a four-year scholarship awarded on the basis of outstanding accomplishments and potential in scholarship, leadership, service and character. Established in 1996, the program was named for the late Roy H. Park ’31, an NC State alumnus who created the charitable Park Foundation, dedicated to education, media and the environment. U.S. Residents or U.S. Permanent Resident Aliens are eligible to be nominated their senior year of high school. It is valued at up to $110,000 for in-state residents and up to $200,000 for out-of-state residents. In addition to the scholarship, students receive support through mentoring, seminars and professional development.

Pre-College Programs
NC State offers opportunities for high school and middle school students throughout the year to help them prepare for college and experience life at NC State. Programs are offered in a variety of academic disciplines to help students explore their interests and lengths of programs vary. Registration opens in January for many of the programs.

View the pre-college website to find a program you're interested in at go.ncsu.edu/precollege.
Explore our campus on your own!

Detach and Fold Your Self-Guided Tour

1. Detach the Self-Guided Tour (pp. 19-22) from the Visitor Guide as one full page.
2. Fold vertically in half so that both highlighted corners align.
3. Fold the Self-Guided Tour vertically in half so that both highlighted corners align.
4. Oriant the Self-Guided Tour as seen below.
5. Congrats! You are now ready to go on a self-guided tour of NC State University.

Welcome to NC State University!
As the largest four-year institution in North Carolina, we’re excited to provide some highlights for you to explore on our campus.

We’re excited to show you our campus.

Centennial Biomedical Campus

NC State’s Centennial Campus, known as our research campus, is home to the College of Veterinary Medicine, NC State’s 250-acre Centennial Campus. In partnership with corporate and government entities, the focus of this campus is on biomedical research, both to animals and humans.

The Dorothy and Roy Park Alumni Center hosts many large scale events throughout the year and is home to the Alumni Association. The NC State Alumni Association hosts more than 200 alumni events a year across the country and includes more than 23,000 members. When you join the Wolfpack, you can also join the Student Alumni Association (SAA) during your time on campus. You’ll help promote campus traditions, meet alumni and receive academic and career advice.

The Stateview Hotel
A luxury hotel right on NC State’s campus includes 164 guestrooms and suites, a signature restaurant and bar, fully-equipped business and fitness centers and an outdoor pool.

Lonne Poole Golf Course
This 18-hole course is the only collegiate golf course in the world designed by the legendary Arnold Palmer. It’s open to the public so you can grab your clubs and hit the course. It is also home to NC State’s varsity women’s and men’s golf teams. The Clubhouse includes classrooms for professional golf management and turfgrass management students and also features a restaurant, bar and fully stocked pro shop.

Student shows them where to spend the majority of their time on main campus, which features a variety of residence halls, dining halls and classroom buildings. By touring through main campus, you walk the same path the first class of NC State did starting in 1887. Tradition begins on this campus - From the Memorial Belltower to Reynolds Coliseum.
REYNOLDS COLISEUM
Reynolds Coliseum was the home of the 1974 and 1983 men’s basketball national championship teams coached by NC State Hall of Famer, Jim Valvano. While the men’s basketball team now plays at PNC Arena, Reynolds is home to women’s basketball, wrestling, gymnastics, volleyball, and our ROTC offices. Take a stroll through the NC State Hall of Fame or play a game on the interactive screens!

TALLEY STUDENT UNION
The heart of all student life on central campus - Talley Student Union is constantly buzzing with students. This is a great spot to grab a bite at one of a variety of dining options or stock up on NC State items from the bookstore. Talley is the hub for campus departments in student leadership, student engagement and the Office of Institutional Equity and Diversity.

CARMICHAEL GYMNASIUM
All your sport and exercise needs can be met at Carmichael Gymnasium. The gym features everything from two Olympic-sized swimming pools to a sauna, weight training rooms and a rock climbing wall. Stop onto one of our many courts and put your skills to the test. Don’t have the equipment you need for your favorite sport or next outdoor adventure? You can easily check it out from Carmichael.

CENTRAL CAMPUS HOUSING
Often known as the “Tri-Towers,” Bowen, Metcalf and Carroll are suite-style residence halls. Exploratory Studies students live in Owen and Tucker halls which are traditional hall-style and part of the Exploratory Studies Living and Learning Village. Not quite sure what you want to major in? Students in Exploratory Studies are given the opportunity to explore all programs on campus before choosing a major.

Residents of Owen and Tucker host Battle of the Beach - a longstanding tradition of an annual volleyball tournament with the winner gaining naming rights to the beach.

IN FREE EXPRESSION TUNNEL
On snow days, it’s home to an epic campus-wide snowball fight. Professors utilize this space during nice weather as an outdoor classroom for that day’s lecture. The Court of North Carolina is lined with some of the oldest buildings on campus.

THE MEMORIAL BELLTOWER
Completed in 1937, the Memorial Belltower has stood as a symbol of identity for NC State. The belltower is a memorial to NC State students who gave their lives to serve our country in World War I. The belltower will light up red for holidays that honor veterans and to celebrate NC State’s achievements. It’s also a place for celebration after winning a big game, as well as the starting point for the Krispy Kreme Challenge - a five mile race held each year. The task? Run to the nearby Krispy Kreme, eat a dozen doughnuts and run back to the belltower in under an hour.

PARK SHOPS
Park Shops houses the University Tutorial Center (UTC) and DELTA (Distance Education and Learning Technology Applications). If you need help with a subject, UTC provides free tutoring for chemistry, math, physics and writing through weekly tutoring sessions or drop-in tutoring. As a student, you may also have classes in Park Shops. NC State’s average class size is 35 students with 90 percent of classes taught by faculty.

Student Health Services, the Counseling Center and Disability Services.

You don’t have to travel far for all your health needs - the health center also includes a full pharmacy, physical therapy clinic, allergy clinic, women’s health services, lab and x-ray services, licensed psychiatrists and more. Routine visits are part of your tuition and fees package. Specialty services have a minimal cost.

Welcome to NC State University!

Student life thrives here. Students spend the majority of their time on NC State’s main campus, which features a variety of residence halls, dining halls and our university’s bus system, and you’ll be just minutes away from local businesses and opportunities for internships. You’ll also find a place to shop at the bookstore and if you’re looking for a meal, you can hop over to On the Oval Culinary Creations nearby.

Our university is comprised of three campuses - Main Campus, Centennial Campus and Centennial Biomedical Campus. Each one is unique, full of opportunities and within minutes of each other.

We have strong roots in our state’s capital. As one of the fastest-growing cities in the nation, Raleigh is home to a vibrant and diverse community. Here, you’ll find acclaimed culture, a bustling downtown and a thriving job market. It’s also a short drive to both the Atlantic Ocean beaches and the Appalachian mountains.

Our Campus

Aerial view of the east side of NC State Main Campus with Raleigh Downtown Skyline in the background
Reynolds Coliseum
An icon of NC State’s central campus, Reynolds Coliseum is home to Wolfpack Women's basketball and volleyball, and wrestling, gymnastics and our ROTC offices.

The NC State Athletics Walk of Fame & History located in the BB&T Grand Hall showcases the successes of NC State Athletics including the 1974 and 1983 men's basketball national championship teams. The BB&T Grand Hall is open to the public Monday-Friday from 8 a.m. - 4 p.m. Hours of access are subject to change due to events.

Memorial Belltower
The Memorial Belltower has stood as a symbol of identity for NC State since 1937. The belltower is a memorial to NC State students who gave their lives to serve our country in World War I.

If you pass by the Belltower at night you may notice that it is illuminated in red. It is lit for holidays that honor veterans and to celebrate NC State’s achievements. The Belltower has become the backdrop for many momentous occasions for the campus community. It is where students gather to celebrate after winning a big game and to take graduation pictures to serve as a reminder of their time at NC State.

Talley Student Union
Talley Student Union serves as a foundation for student life on campus. Students come together to eat, study, socialize, shop, attend club meetings and watch performances all under one roof.

Talley features plenty of dining options to cater to every craving - 9 eateries, a full-service restaurant, food from around the world, the Pavilion food-court, two coffee shops and a convenience store featuring Howling Cow Ice Cream. It’s also home to NC State’s bookstore, Wolfpack Outfitters.

Talley features our Student Involvement Center which supports more than 700 campus organizations, including Student Government and the Union Activities Board. Multicultural Student Affairs, GLBT Center and the Women’s Center are housed here within the Office of Institutional Equity and Diversity.
Golf & Dine

The Lonnie Poole Golf Course and Carol Johnson Poole Clubhouse are public facilities designed to provide the NC State community and golfing public access to a championship golf course playable for all skill levels.

The elegantly appointed clubhouse features a full-service golf shop and indoor training facilities, a full-service restaurant and bar and meeting space for special events. It’s location on NC State’s Centennial Campus provides one of the best views of the downtown Raleigh skyline.

As the only collegiate golf course in the world designed by the legendary Arnold Palmer, Golfweek Magazine has voted the course one of the top 30 college/university golf courses in the world nearly every year since its opening. The course serves as the home course for NC State Men’s and Women’s Golf teams, as well as a teaching and training facility for turfgrass and stormwater research and our Professional Golf Management Program. For affordable rates and tee times, call 919.833.3338 or visit lonniepoolegolfcourse.com.

Park Alumni Center

The Dorothy and Roy Park Alumni Center, built on the southern shore of Centennial Campus’ Lake Raleigh is home to the Alumni Association and the State Club restaurant. It is an elegant destination for a business lunch and a prime location for reunions, post-game receptions, parties and seminars.

The building features Italian marble flooring, double curving staircases and a grand reception room with a full wall of windows overlooking the lake.

With more than 23,000 members, the Alumni Association provides opportunities to socialize, network and connect with the university and other alums as well as discounts and travel opportunities. Learn more at alumni.ncsu.edu.

The State Club restaurant is open to the public Monday-Friday from 11 a.m. - 2 p.m. While a membership is not required to dine for lunch or hold an event, State Club members enjoy exclusive dinner and social events. For more information, contact the State Club at 919.516.0652 or visit thestateclub.org.
The JC Raulston Arboretum is a nationally acclaimed garden with one of the largest and most diverse collections of landscape plants adapted for landscape use in the Southeast.

The Arboretum is named after J.C. Raulston who arrived at NC State in 1975 to teach and start an arboretum within the Department of Horticultural Science. The Arboretum consists of ten and a half acres and serves as a living laboratory for students and faculty. It is free and open to the public.

Learn more at jcra.ncsu.edu.

The Vet School
NC State’s College of Veterinary Medicine proudly ranks fourth in the nation and is a driving force in research and training. Conveniently located minutes from main campus, students and faculty work side by side with industry and government researchers to address the world’s biggest problems in veterinary research. The campus spans 250 acres featuring a working 80-acre farm known as the Teaching Animal Unit to provide on-campus teaching labs for students to gain hands-on learning.

The Randall B. Terry Medical Center, located on NC State’s Veterinary Campus, is one of the nation’s largest veterinary hospitals. The Center treats more than 20,000 patients each year and further the teaching mission of the College of Veterinary Medicine. The Veterinary Hospital also features an Equine & Farm Animal Veterinary Center and a Health & Wellness Center. Services include Rehabilitation and Behavioral Medicine and Exotic Animal Medicine Service.

Learn more about the College of Veterinary Medicine at cvm.ncsu.edu.

Research Triangle Park is the largest research park in the United States.

NC State is an anchor of the Research Triangle region, a renowned destination for high-tech enterprise, providing students easy access to internships and co-ops. Here, you’ll study a stone’s throw away from some of the nation’s leading companies. Home to 250+ businesses, Research Triangle Park (RTP), is the largest research park in the country.

As of 2018, the top 10 employers in RTP are: IBM Corporation, Cisco Systems, GlaxoSmithKline, Fidelity Investments, RTA International, Credit Suisse, Lenovo, NetApp, Biogen and the United States Environmental Protection Agency.
Your options to get involved are limitless.

Student life thrives across campus and Wolfpack pride is noticeable everywhere you go.

With over 700 clubs and organizations on campus you’ll find a group who shares similar interests to you. If you don’t find one you like, you can easily start your own.

NC State has 70 intramural and club sports programs and 23 Division 1 varsity teams. Interested in taking your athleticism off the court? Our recreation complexes encompass 350,000 square feet of fitness space featuring a rock climbing wall and an Olympic-sized pool.
Students spend time outside of class cheering on the Wolfpack at Carter-Finley Stadium and PNC Arena. In its 50 years of existence, Carter-Finley Stadium has earned a reputation as one of the most exciting venues in college football. Across the street, PNC Arena hosts our men’s basketball team. With 19,700 seats, it is one of the largest college basketball facilities in the nation.

When not cheering on one of our varsity sports, students can take to the field or support other members of the Pack in one of our 70+ intramural club sports.

Learn more about our Wolfpack athletic teams at gopack.com.
Events

80,000+ people visit Hillsborough Street every year for this momentous event.

Packapalooza
Packapalooza, one of NC State’s biggest celebrations all year, is an all-day block party and street festival held on Hillsborough Street each August.

It concludes Wolfpack Welcome Week and celebrates all new and returning students with food, games, music and activities for the whole family.

Learn more about what NC State has to offer.

Open House
NC State welcomes thousands of students and their families to visit our campus for our University Open House each October. This is an opportunity to tour campus, meet admissions staff, attend academic program information sessions and connect with the campus community.

Learn more at ncsu.edu/openhouse.

Krispy Kreme Challenge
Every February, NC State hosts the annual Krispy Kreme Challenge, a student run charity based race dedicated to supporting the UNC Children's Hospital.

The task? Starting at NC State’s Memorial Belltower, participants run 2.5 miles to the nearest Krispy Kreme, eat a dozen doughnuts, run 2.5 miles back to the belltower - and must be completed in one hour. Think you’re up for the challenge?

NC State makes history with over $1.5 million donated.
Art2Wear
NC State’s very own student-run fashion show fuses the talents of several departments in the College of Design and beyond.

Students experience first-hand what it’s like to coordinate and produce an annual fashion show. Drawing in nearly 1,000 attendees every year from the Raleigh community to the design industry, these young designers are challenged to imagine and create wearable art for display on the runway.
EXPERIENCE HILLSBOROUGH STREET

The center of celebrations and gatherings for generations of the Wolfpack faithful, all within walking distance of NC State University. Hillsborough Street is home to over 200 diverse organizations within our district, including restaurants, arts venues, stores & more. Whether you’re looking for your favorite lunch spot or your favorite place for coffee, a theatre to enjoy or a standing trivia night, Hillsborough Street has something for you to experience and be a part of.
