Think and Do With Us

Welcome to NC State: a leading public university where students learn by doing, and ideas become solutions.

Here, we tackle some of the world’s biggest challenges. And we prepare tomorrow’s leaders to reach new heights. Just ask NASA astronaut Christina Koch, who earned all three of her degrees with us — and then rocketed into orbit for a record-breaking International Space Station mission.

Ready to roll up your sleeves and do big things, too? Join us.

36,000+ undergraduate and graduate students
100+ undergraduate majors offered
$373M in new sponsored research in 2019

In December 2019, NASA astronaut and three-time NC State grad Christina Hammock Koch (B.S. in electrical engineering and physics ’01, M.S. in electrical engineering ’02) set the world record for the longest single spaceflight by a woman.
Grow Roots in Raleigh, North Carolina

We’re located in a hub of culture and tech for our state — and one of the fastest-growing cities in the nation. Live and study on a beautiful campus surrounded by acres of lush parks. And enjoy a bustling downtown (and foodie heaven) that’s just minutes away. Added bonus? Both Atlantic Ocean beaches and the Appalachian Mountains are within reach for a day trip.

71°F
(22°C)
is the average high in Raleigh

50°F
(10°C)
is the average low in Raleigh
Make Connections

We’re served by Raleigh-Durham International Airport, so you’ll be a quick flight away from major travel destinations across the country — and around the world.
